Dear Gottlieb:

Please pardon me for neglecting to notify you about the Trenton game being called off. It was just one of those things.

Now about these dates. June 5th we are in the schedule to play The Grays in Wilmington. I thought you were arranging that.

Could we get in Chester June 12th or 14th on our way to or from Washington the 13th?

We straightened the money out with Cockrill. Gave him \$10.00 Sunday instead of \$20.00.

About Watkins low tax, he has four children. This means he has six dependents.

Now most important of all, can you get any bats? We had five to play the game with Sunday, and left on the four day trip with them. The park was supposed to get us some but they claim they have not arrived as yet. None of the sporting goods stores in town have any. We certainly cannot play without bats. What do you suggest. Should we try and get the government to release some to us? It is really serious. Please let me know if you have any ideas.

Very Truly Yours
